Sec. 29. The authority may charge to and apportion among nonprofit colleges or universities the authority's administrative costs and expenses incurred in the exercise of the powers and duties conferred by this chapter.

authority's agent.

Sec. 36. The authority shall promptly take any action and execute any deeds and conveyances necessary and required to convey the title to a project or projects to the appropriate nonprofit college or university whenever:

- (1) the principal of and interest on bonds of the authority issued to finance the cost of a project or projects for a nonprofit college or university, including any refunding bonds issued to refund and refinance the bonds, have been fully paid and retired; or
- (2) adequate provision has been made to fully pay and retire bonds of the authority issued to finance the cost of a project or projects for a nonprofit college or university, all other conditions of the bond resolution have been satisfied, and the lien created by the bond resolution has been released in accord with the provisions of the bond resolution.

Sec. 37. The authority may periodically issue bonds for any corporate purpose. All bonds or other obligations of the authority issued under this chapter are negotiable for all purposes notwithstanding their payment from a limited source and without regard to any other.

Sec. 38. The bonds of every issue are payable solely out of revenues of the authority, including accumulated reserves or sinking funds. Any income received from the investment of reserves or sinking funds must be applied in reduction of the rentals or other amounts paid by the nonprofit college or university or nonprofit colleges or universities for whose project or projects the reserves or sinking funds were created. Funds held as reserves or sinking funds when invested must be allocated to a specific project or projects of the institution for which the fund was created, and the income from the investment must be used to reduce the bonded indebtedness attributable to the project or projects.

Sec. 39. (a) The bonds issued by the authority may be issued as serial bonds or term bonds, or both. The bonds:

(b) The bond resolution for bonds of the authority may set the maximum interest rate or rates that the bonds may bear and delegate to an officer or agent of the authority power to set an interest rate or rates that the bonds may bear at the time of sale of the bonds. However, the rate or rates may not exceed the maximum rate established by the authority in the bond resolution.

(c) The bonds of the authority must be executed by the manual or facsimile signatures of the officers or agents of the authority designated by the authority. In the case of bonds having a maturity of one (1) year or less, the bond resolution that authorizes the bonds may concurrently provide for the issuance, delivery, and sale of refunding bonds subject to the terms and conditions prescribed in the bond resolution and this chapter. The bonds must be sold in the manner that the authority determines. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates, which must be exchanged for the definitive bonds.

Sec. 40. Any bond resolution of the authority may contain provisions that become part of the contract with the holders of the bonds to be authorized, as to:

- (1) pledging or assigning the revenues of the project or projects with respect to which the bonds are to be issued;
- (2) the rentals, fees, and other amounts to be charged, and the sums to be raised in each year, and the use, investment, and disposition of the sums;
- (3) the setting aside of reserves or sinking funds, and the regulation, investment, and disposition of reserves or sinking funds;
- (4) limitations on the use of the project;

(7) the refunding of outstanding bonds;

(8) the procedure, if any, by which the terms of any contract with bond holders may be amended or abrogated, the amount of bonds the holders of which must give consent and the manner in which the consent may be given;

(9) defining the acts or omissions to act that constitute a default in the duties of the authority to holders of the authority's obligations and providing the rights and remedies of the holders in the event of a default;

(10) mortgaging the project or projects with respect to which any bonds are to be issued and other educational facilities conveyed to the authority for a purpose for the benefit of the holders of the bonds;

(11) the establishment of liability or other loss insurance reserves or the contribution of those reserves or other capital to a risk retention group to provide insurance coverage against liability claims or other losses; and

(12) any other matters relating to the bonds which the authority considers desirable.

Sec. 41. Neither the members of the authority nor any person executing the bonds of the authority may be held liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance of the bonds.

Sec. 42. The authority may purchase bonds issued by the authority using any funds available for the purpose. The authority may hold, pledge, cancel, or resell bonds issued by the authority subject to and in accordance with agreements with bond holders.

Sec. 43. (a) The authority may secure any bonds issued under this chapter by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank in Indiana having the powers of a trust company.

**C
o
p

of the authority; and

(3) may restrict the individual right of action by bondholders.

(c) Any bond resolution may contain any other provisions that the authority determines reasonable and proper for the security of the bondholders.

(d) All expenses incurred in carrying out the provisions of the bond resolution may be treated as a part of the cost of the operation of a project.

Sec. 44. (a) Bonds issued under this chapter do not, and must state upon the face of each bond that the bonds do not:

(1) represent or constitute:

(A) a debt of the authority or of the state within the meaning of the provisions of the Constitution or statutes of the state of Indiana; or

(B) a pledge of the faith and credit of the authority or the state; or

(2) grant to the owners or holders of the bonds any right to have the authority or the general assembly levy any taxes or appropriate any funds for the payment of the principal of or interest due on the bonds.

(b) Bonds issued under this chapter are payable and must state that the bonds are payable solely from the funds pledged for payment of the bonds in accordance with the bond resolution.

(c) This chapter may not be construed to authorize the authority or any department, board, commission or other agency to create an obligation of the state of Indiana within the meaning of the Constitution of the State of Indiana or the statutes of Indiana.

Sec. 45. (a) In connection with any lease entered into between the authority and any nonprofit college or university, the authority shall fix, revise, charge, and collect rents for the use of each project and contract with any person, partnership, association, limited liability company, or corporation, or other body, public or private, in respect thereof.

(b) Each lease entered into by the authority with a nonprofit college or university must provide that the rents or other money payable by the nonprofit college or university is sufficient at all times:

(1) to pay the private institution's share of the administrative costs and expenses of the authority;

(2) to pay the principal of the premium, if any, and the interest on outstanding bonds of the authority issued in respect of the project as the bonds become due and payable;

**C
o
p
y**

and

(3) to create and maintain reserves that may be required or provided for in the bond resolution relating to the bonds of the authority.

(c) The authority shall pledge the revenues derived and to be derived from a project for the purposes specified in subsection (b).

(d) Additional bonds may be issued that rank on a parity with other bonds relating to the project to the extent and on the terms and conditions provided in the bond resolution.

(e) A pledge is valid and binding from the time the pledge is made. The revenues pledged by the authority are immediately subject to the lien of a pledge without any physical delivery of the pledge document or further act. The lien of a pledge is valid and binding against all parties having claims of any kind in tort or contract or otherwise against the authority, irrespective of whether the parties have notice of the lien.

(f) Neither the bond resolution nor any financing statement, continuation statement, or other instrument by which a pledge is created or by which the authority's interest in revenues is assigned need be filed or recorded in public records to perfect the lien created by a pledge of revenues by the authority as against third parties, except that a copy of the pledge document must be filed in the records of the authority and with the treasurer of state.

Sec. 46. All money received under this chapter, whether as proceeds from the sale of bonds or as revenues, are trust funds to be held and applied solely as provided in this chapter. Any officer with whom, or any bank or trust company with which, money received under this chapter is deposited shall act as trustee of the moneys and shall hold and apply the money for the purposes described in this chapter, subject to any provisions set forth in this chapter and the bond resolution authorizing the bonds of any issue.

Sec. 47. Any holder of bonds issued under this chapter or a trustee under a trust agreement entered into under this chapter, except to the extent that the rights of a holder or a trustee are restricted by any bond resolution, may, by any suitable form of legal proceedings, protect and enforce any rights under the laws of Indiana or granted by the bond resolution. These rights include the right:

- (1) to compel the performance of all duties of the authority required by this chapter or the bond resolution;
- (2) to enjoin unlawful activities; and

- (B) with full power to pay, and to provide for payment of, principal of premium, if any, and interest on the bonds; and
- (C) with the powers, subject to the direction of the court, as are permitted by law and are accorded receivers, excluding any power to pledge additional revenues of the authority to the payment of the principal, premium and interest.

Sec. 48. The authority may provide for the issuance of bonds of the authority:

- (1) to refund any bonds of the authority then outstanding, including the payment of any redemption premium on the bonds and any interest accrued or to accrue to the earlier or any subsequent date of redemption, purchase, or maturity of the bonds; and
- (2) if determined advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any part of an addition, improvement, extension, or enlargement or a project.

However, no refunding bonds may be issued unless the authority provides for the payment of rentals adequate to satisfy the requirements of section 34 of this chapter.

Sec. 49. The proceeds of any bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority:

- (1) be applied to the purchase or retirement at maturity or redemption of the outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity of the outstanding bonds; and

Sec. 50. Any escrowed proceeds, pending use for the refunding

of outstanding bonds, may be invested and reinvested in:

- (1) direct obligations of the United States of America; or
- (2) obligations having the timely payment of principal and interest unconditionally guaranteed by the United States of America;

maturing at a time or times that are appropriate to assure the prompt payment of the principal and interest and redemption premium, if any, on the outstanding bonds to be refunded. Any interest, income, and profits earned or realized on any investment may also be applied to the payment of the outstanding bonds to be refunded. Only after the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and any interest, income and profits earned or realized on the investments described in this section must be returned to the nonprofit college or university for use by the nonprofit college or university in any lawful manner.

Sec. 51. All bonds issued to refund outstanding bonds of the authority are subject to this chapter in the same manner and to the same extent as other bonds issued under this chapter.

Sec. 52. Except as otherwise provided in section 50 of this chapter or in any trust indenture providing for the issuance of bonds, the authority may invest:

- (1) the authority's money, funds, and accounts;
- (2) any money, funds, and accounts in the authority's custody; and
- (3) proceeds of bonds or notes;

in the manner provided by an investment policy established by resolution of the authority.

Sec. 53. All:

- (1) banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and insurance companies and associations; and
- (2) executors, administrators, guardians, trustees, and other fiduciaries;

may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds issued by the authority under this chapter.

Sec. 54. (a) The authority shall keep an accurate account of all the authority's activities, receipts, and expenditures.

(b) The authority shall annually in the month of January make a report of the authority's activities, receipts, and expenditures to

the authority's members and the governor.

(c) The members may:

- (1) investigate the affairs of the authority;
- (2) severally examine the properties and records of the authority; and
- (3) prescribe methods of accounting and the rendering of periodical reports in relation to projects undertaken by the authority.

Sec. 55. Except as provided in IC 21-36-2, a project is not subject to any statutory requirement of competitive bidding or other restriction imposed on the procedure for award of contracts or the lease, sale, or other disposition of property with regard to any action taken under authority of this chapter. If, however, the prospective lessee so requests in writing, the authority shall call for the construction bids in the manner determined by the authority with the approval of the lessee.

Sec. 56. Notwithstanding any other provision of this chapter, the authority may:

- (1) finance the cost of an educational facility or refund outstanding indebtedness of a nonprofit college or university, as authorized under section 28 of this chapter; or
- (2) finance the establishment of liability or other loss insurance reserves or the contribution of reserves or other capital to a risk retention group to provide insurance coverage against liability claims or other losses;

by issuing the authority's bonds for the purpose of loaning the proceeds to a nonprofit college or university for the cost of a project or to refund or refinance outstanding indebtedness or reimburse advances made in connection with a project in accordance with an agreement between the authority and the institution and in exchange for the institution's promissory note or notes.

Sec. 57. (a) Any promissory notes received under section 56 of this chapter:

- (1) must have the same principal amounts, maturities, and interest rates as the bonds being issued;
- (2) may be secured by a first mortgage lien on the educational facility being financed or by a first mortgage lien or security interest in other real or personal property or funds acceptable to the authority subject to any exceptions that the authority may approve and created by a mortgage instrument or security agreement satisfactory to the authority; and

**C
o

(3) may be insured or guaranteed by others.

(b) Any bonds described in section 56 of this chapter must be payable solely out of the payments to be made on the promissory notes and under the corresponding agreement. Any bonds described in section 56 of this chapter may not exceed in principal amount the cost of the educational facility, as determined by the nonprofit college or university, or the necessary amount of these liability or other loss insurance reserves, and approved by the authority. In other respects:

(1) the bonds are subject to the provisions of section 39 of this chapter; and

(2) the trust agreement or indenture creating the bonds may contain any of the provisions set forth in section 40 of this chapter that the authority determines appropriate.

Sec. 58. If an educational facility is financed and mortgaged under sections 56 and 57 of this chapter:

(1) the title to the facility must remain in the nonprofit college or university owning the facility, subject to the lien of the mortgage securing the promissory notes then being purchased; and

(2) there may not be a lease of the facility between the authority and the institution.

Sec. 59. Section 36 of this chapter does not apply to any educational facility or any liability or other loss insurance reserves financed under sections 56 through 58 of this chapter and this section. However, the authority shall return the promissory notes purchased through the issuance of bonds under this chapter to the nonprofit college or university issuing the promissory notes when:

(1) the bonds have been fully paid and retired or adequate provision has been made to pay and retire the bonds fully;

(2) all other conditions of the trust agreement or indenture creating the bonds have been satisfied; and

(3) the lien has been released in accordance with the provisions of the instrument creating the lien.

Sec. 60. Because the operation and maintenance of a project by the authority or the authority's agent constitutes the performance of an essential public function, neither the authority nor the authority's agent are required to pay any taxes or assessments, including mortgage recording taxes, upon or in respect of:

(1) a project or any property acquired or used by the authority or the authority's agent under this chapter or upon the income from the project or property;

(3) the proceeds received from bonds issued under this chapter:

(A) by a holder from the sale of such bonds, to the extent of the holder's cost of acquisition;

(B) upon redemption before maturity; or

(C) at maturity.

Sec. 61. All bonds and the interest on bonds issued under this chapter are exempt from taxation in Indiana for all purposes except the financial institutions tax imposed under IC 6-5.5 or a state inheritance tax imposed under IC 6-4.1.

A police chief must successfully complete the executive training program within six (6) months of the date the police chief initially takes office. However, if space in the executive training program is not available at a time that will allow completion of the executive training program within six (6) months of the date the police chief initially takes office, the police chief must successfully complete the next available executive training program that is offered after the police chief initially takes office.

(k) A police chief who fails to comply with subsection (j) may not continue to serve as the police chief until completion of the executive training program. For the purposes of this subsection and subsection (j), "police chief" refers to:

A member granted a leave in these instances for exchange teaching and for other educational employment approved individually by the board is considered a teacher and is entitled to the benefits of the fund if for or during the leave the member pays into the fund the member's contributions. A leave for other educational employment is not subject to the one-seventh rule.

(b) In each case of a teacher requesting a leave of absence to work in a federally supported educational project, the board must determine that the project is educational in nature and serves state citizens who might otherwise be served by the public schools or **public state educational** institutions. ~~of higher education~~. The board shall make this determination for a one (1) year period, which is later subject to review and reapproval.

SECTION 97. IC 5-10.4-4-8, AS AMENDED BY P.L.119-2006, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 8. (a) This subsection applies to a member who retires before July 1, 1980. A member who had completed four (4) years of approved college teacher education before voluntary or involuntary induction into the military services is entitled to credit for that service as if the member had begun teaching before the induction. A member who serves in military service is considered a teacher and is entitled to the benefits of the fund if before or during the leave of absence the member pays into the fund the member's contributions. Time served by a member in military service for the duration of the hostilities or for the length of active service in the hostilities and the necessary demobilization time after the hostilities is not subject to the one-seventh rule set forth in section 7 of this chapter.

(b) This subsection applies to a member who retires after June 30, 1980. A member who completed four (4) years of approved college

C

teacher education before voluntary or involuntary induction into military service is entitled to credit for the member's active military service as if the member had begun teaching before the induction. A member who serves in military service is considered a teacher and is entitled to the benefits of the fund if the following conditions are met:

- (1) The member has an honorable discharge.
- (2) Except as provided in subsection (e), the member returns to active teaching service not later than eighteen (18) months after the completion of active military service.
- (3) The member has at least ten (10) years of in-state service credit.

The time served by a member in military service for the duration of the hostilities or for the length of active service in the hostilities and the necessary demobilization time after the hostilities is not subject to the one-seventh rule set forth in section 7 of this chapter. However, not more than six (6) years of military service credit may be granted under this subsection.

(c) This subsection applies to a member who retires after May 1, 1989. A member who had begun but had not completed four (4) years of approved college teacher education before voluntary or involuntary induction into the military services is entitled to service credit in an amount equal to the duration of the member's active military service if the following conditions are met:

- (1) The member has an honorable discharge.
- (2) Except as provided in subsection (e), the member returns to a four (4) year approved college teacher training program not later than eighteen (18) months after the completion of active military service and subsequently completes that program.
- (3) The member has at least ten (10) years of in-state service credit.

The time served by a member in active military service for the length of active service in the hostilities and the necessary demobilization is not subject to the one-seventh rule set forth in section 7 of this chapter. However, not more than six (6) years of military service credit may be granted under this subsection.

(d) This subsection applies to a member who retires after May 1, 1991, and who is employed at a state **educational** institution. ~~of higher education~~. A member who had begun but had not completed baccalaureate or post-baccalaureate education before voluntary or involuntary induction into military service is entitled to the member's active military service credit for the member's active military service in an amount equal to the duration of the member's military service if

the following conditions are met:

- (2) Except as provided in subsection (e), the member returns to baccalaureate or post-baccalaureate education not later than eighteen (18) months after completion of active military service and subsequently completes that education.
- (3) The member has at least ten (10) years of in-state service credit.

The time served by a member in active military service for the length of active service in the hostilities and the necessary demobilization is not subject to the one-seventh rule set forth in section 7 of this chapter. However, not more than six (6) years of military service credit may be granted under this subsection.

(e) The board shall extend the eighteen (18) month deadline contained in subsection (b)(2), (c)(2), or (d)(2) if the board determines that an illness, an injury, or a disability related to the member's military service prevented the member from returning to active teaching service or to a teacher education program not later than eighteen (18) months after the member's discharge from military service. However, the board may not extend the deadline beyond thirty (30) months after the member's discharge.

(f) If a member retires and the board subsequently determines that the member is entitled to additional service credit due to the extension of a deadline under subsection (e), the board shall recompute the member's benefit. However, the additional service credit may be used only in the computation of benefits to be paid after the date of the board's determination, and the member is not entitled to a recomputation of benefits received before the date of the board's determination.

(g) Notwithstanding any provision of this section, a member is entitled to military service credit and benefits in the amount and to the extent required by the federal Uniformed Services Employment and Reemployment Rights Act (38 U.S.C. 4301 et seq.), including all later amendments.

(h) Subject to this section, an active member may purchase not more than two (2) years of service credit for the member's service on active duty in the armed services if the member meets the following conditions:

- (1) The member has at least one (1) year of credited service in the fund.
- (2) The member serves on active duty in the armed services of the United States for at least six (6) months.

**C

(3) The member receives an honorable discharge from the armed services.

(4) Before the member retires, the member makes contributions to the fund as follows:

(A) Contributions that are equal to the product of:

- (i) the member's salary at the time the member actually makes a contribution for the service credit;
- (ii) a rate, determined by the actuary of the fund, that is based on the age of the member at the time the member actually makes a contribution for service credit and computed to result in a contribution amount that approximates the actuarial present value of the benefit attributable to the service credit purchased; and
- (iii) the number of years of service credit the member intends to purchase.

(B) Contributions for any accrued interest, at a rate determined by the actuary of the fund, for the period from the member's initial membership in the fund to the date payment is made by the member.

However, a member is entitled to purchase service credit under this subsection only to the extent that service credit is not granted for that time under another provision of this section. At least ten (10) years of service in Indiana is required before a member may receive a benefit based on service credits purchased under this section. A member who terminates employment before satisfying the eligibility requirements necessary to receive a monthly allowance or receives a monthly allowance for the same service from another tax supported public employee retirement plan other than under the federal Social Security Act may withdraw the purchase amount plus accumulated interest after submitting a properly completed application for a refund to the fund.

(i) The following apply to the purchase of service credit under subsection (h):

- (1) The board may allow a member to make periodic payments of the contributions required for the purchase of the service credit. The board shall determine the length of the period during which the payments must be made.
- (2) The board may deny an application for the purchase of service credit if the purchase would exceed the limitations under Section 415 of the Internal Revenue Code.
- (3) A member may not claim the service credit for purposes of determining eligibility or computing benefits unless the member has made all payments required for the purchase of the service

SECTION 242. IC 21-7-12 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]:

Chapter 12. Effect of Recodification by the Act of the 2007 Regular Session of the General Assembly

Sec. 1. As used in this chapter, "prior law" refers to the statutes concerning higher education that are repealed or amended in the recodification act of the 2007 regular session of the general assembly as the statutes existed before the effective date of the applicable or corresponding provision of the recodification act of the 2007 regular session of the general assembly. The term includes statutes that are recodified outside this title by the recodification act of the 2007 regular session of the general assembly, such as law related to the Indiana health and educational facility finance

o
p

authority, Indiana University hospitals, medical center development agencies, university administered preschools, elementary schools, and high schools, administration of school corporation expenditures, donations to a state educational institution by a political subdivision, and the Knox County property tax levy for Vincennes University.

Sec. 2. The purpose of the recodification act of the 2007 regular session of the general assembly is to recodify prior law in a style that is clear, concise, and easy to interpret and apply. Except to the extent that:

- (1) the recodification act of the 2007 regular session of the general assembly is amended to reflect the changes made in a provision of another bill that adds to, amends, or repeals a provision in the recodification act of the 2007 regular session of the general assembly; or
- (2) the minutes of meetings of the code revision commission during 2006 expressly indicate a different purpose;

the substantive operation and effect of the prior law continue uninterrupted as if the recodification act of the 2007 regular session of the general assembly had not been enacted.

Sec. 3. Subject to section 2 of this chapter, sections 4 through 9 of this chapter shall be applied to the statutory construction of the recodification act of the 2007 regular session of the general assembly.

Sec. 4. (a) The recodification act of the 2007 regular session of the general assembly does not affect:

- (1) any rights or liabilities accrued;
- (2) any penalties incurred;
- (3) any violations committed;
- (4) any proceedings begun;
- (5) any bonds, notes, loans, or other forms of indebtedness issued, incurred, or made;
- (6) any tax levies made or authorized;
- (7) any funds established;
- (8) any patents issued;
- (9) the validity, continuation, or termination of any contracts, easements, or leases executed;
- (10) the validity, continuation, scope, termination, suspension, or revocation of:
 - (A) permits;
 - (B) licenses;
 - (C) certificates of registration;

**C
o
p
y**

(D) grants of authority; or

(E) limitations of authority; or

(11) the validity of court decisions entered regarding the constitutionality of any provision of the prior law;

before the effective date of the recodification act of the 2007 regular session of the general assembly (July 1, 2007). Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, and limitations of authority continue and shall be imposed and enforced under prior law as if the recodification act of the 2007 regular session of the general assembly had not been enacted.

(b) The recodification act of the 2007 regular session of the general assembly does not:

(1) extend or cause to expire a permit, license, certificate of registration, or other grant or limitation of authority; or

(2) in any way affect the validity, scope, or status of a license, permit, certificate of registration, or other grant or limitation of authority;

issued under the prior law.

(c) The recodification act of the 2007 regular session of the general assembly does not affect the revocation, limitation, or suspension of a permit, license, certificate of registration, or other grant or limitation of authority based in whole or in part on violations of the prior law or the rules adopted under the prior law.

Sec. 5. The recodification act of the 2007 regular session of the general assembly shall be construed as a recodification of prior law. Except as provided in section 2(1) and 2(2) of this chapter, if the literal meaning of the recodification act of the 2007 regular session of the general assembly (including a literal application of an erroneous change to an internal reference) would result in a substantive change in the prior law, the difference shall be construed as a typographical, spelling, or other clerical error that must be corrected by:

(1) inserting, deleting, or substituting words, punctuation, or other matters of style in the recodification act of the 2007 regular session of the general assembly; or

(2) using any other rule of statutory construction;

as necessary or appropriate to apply the recodification act of the 2007 regular session of the general assembly in a manner that does not result in a substantive change in the law. The principle of

C
O
P
Y

statutory construction, which states that a court must apply the literal meaning of an act if the literal meaning of the act is unambiguous, does not apply to the recodification act of the 2007 regular session of the general assembly to the extent that the recodification act of the 2007 regular session of the general assembly is not substantively identical to the prior law.

Sec. 6. Subject to section 9 of this chapter, a reference in a statute or rule to a statute that is repealed and replaced in the same or a different form in the recodification act of the 2007 regular session of the general assembly shall be treated after the effective date of the new provision as a reference to the new provision.

Sec. 7. A citation reference in the recodification act of the 2007 regular session of the general assembly to another provision of the recodification act of the 2007 regular session of the general assembly shall be treated as including a reference to the provision of prior law that is substantively equivalent to the provision of the recodification act of the 2007 regular session of the general assembly that is referred to by the citation reference.

Sec. 8. (a) As used in the recodification act of the 2007 regular session of the general assembly, a reference to rules adopted under any provision of this title or under any other provision of the recodification act of the 2007 regular session of the general assembly refers to either:

- (1) rules adopted under the recodification act of the 2007 regular session of the general assembly; or
- (2) rules adopted under the prior law until those rules have been amended, repealed, or superseded.

(b) Rules adopted under the prior law continue in effect after June 30, 2007, until the rules are amended, repealed, or suspended.

Sec. 9. (a) A reference in the recodification act of the 2007 regular session of the general assembly to a citation in the prior law before its repeal is added in certain sections of the recodification act of the 2007 regular session of the general assembly only as an aid to the reader.

(b) The inclusion or omission in the recodification act of the 2007 regular session of the general assembly of a reference to a citation in the prior law before its repeal does not affect:

- (1) any rights or liabilities accrued;
- (2) any penalties incurred;
- (3) any violations committed;
- (4) any proceedings begun;
- (5) any bonds, notes, loans, or other forms of indebtedness

**C

- issued, incurred, or made;
- (6) any tax levies made or authorized;
 - (7) any funds established;
 - (8) any patents issued;
 - (9) the validity, continuation, or termination of contracts, easements, or leases executed;
 - (10) the validity, continuation, scope, termination, suspension, or revocation of:
 - (A) permits;
 - (B) licenses;
 - (C) certificates of registration;
 - (D) grants of authority;
 - (E) limitations of authority; or
 - (F) degrees; or

(11) the validity of court decisions entered regarding the constitutionality of any provision of the prior law; before the effective date of the recodification act of the 2007 regular session of the general assembly (July 1, 2007). Those rights, liabilities, penalties, violations, proceedings, bonds, notes, loans, other forms of indebtedness, tax levies, funds, patents, contracts, easements, leases, permits, licenses, certificates of registration, grants of authority, limitations of authority, and degrees, continue and shall be imposed and enforced under prior law as if the recodification act of the 2007 regular session of the general assembly had not been enacted.

(c) The inclusion or omission in the recodification act of the 2007 regular session of the general assembly of a citation to a provision in the prior law does not affect the use of a prior conviction, violation, or noncompliance under the prior law as the basis for revocation of a license, permit, certificate of registration, or other grant of authority under the recodification act of the 2007 regular session of the general assembly, as necessary or appropriate to apply the recodification act of the 2007 regular session of the general assembly in a manner that does not result in a substantive change in the law.

In determining the financial resources available to a student for a higher education award, the commission may not consider principal or interest, including an original issue discount that qualifies as interest excludable from gross income for federal income tax purposes, on a bond that is:

Sec. 9. A higher education award for a student in a program leading to a baccalaureate degree may be renewed for a total of three (3) academic years following the academic year of the first award or until an earlier time as the student receives a degree

C
o
p
y

normally obtained in four (4) academic years. A higher education award for a student in a program leading to a technical certificate or an associate degree may be renewed for the number of academic years normally required to obtain a certificate or degree in the student's program. Sec. 10. Out of funds available after commitments have been met under sections 8 and 9 of this chapter, awards shall be issued to persons who have successfully completed at least one (1) but not more than three (3) academic years in approved postsecondary educational institutions, if they meet the eligibility requirements of:

- (1) sections 1, 2, and 3 of this chapter; or

The awards shall be handled on the same basis as renewals under section 9 of this chapter.

Sec. 11. A higher education award issued under this section and sections 8, 9, and 10 of this chapter extends to all educational costs for the academic year for which the award is made, but only to the extent of:

- (1) current financial need (as measured under section 1(3) of this chapter); or
- (2) the maximum fees regularly assessed to resident undergraduates at any state educational institution, as determined annually by the commission;

whichever is smaller.

Sec. 12. In determining which applicants are least able to provide funds for the cost of education under section 8 of this chapter, the commission may not consider principal or interest, including an original issue discount that qualifies as interest excludable from gross income for federal income tax purposes, on a bond that is:

Sec. 14. The commission shall certify to the auditor of state the name and address of every applicant to whom an award has been issued. An award is effective during the academic year immediately following its award, and records and accounts relating to it shall be kept accordingly.

Sec. 15. An applicant to whom the commission has issued an award may apply for enrollment as a student in any approved postsecondary educational institution. However, the institution is not required to accept the applicant for enrollment, and the institution may require compliance with its own admissions requirements. If the institution accepts the applicant, it shall give written notice to the commission. The institution is entitled to the payments of tuition and other necessary fees and charges provided by the award that are incurred by the applicant. It shall provide facilities and instruction to the applicant on the same terms as to other students.

Sec. 16. If during an academic period a student enrolled in an institution under an award under this chapter ceases for any reason to be a student in good standing, the institution shall promptly give written notice to the commission as to the change of status and the reason for it. If under its current standards a fee or charge that has been paid as part of an award under this chapter would otherwise be refunded by the institution to the student, it shall be remitted to the auditor of state.

Sec. 17. A student to whom a renewal award has been issued may either re-enroll in the approved postsecondary educational institution that the student attended during the preceding year or enroll in another approved postsecondary educational institution. At each appropriate time, it shall certify to the auditor of state, in the manner prescribed by law, the current payment to be made to the institution under the award. This shall be done in accordance with an appropriate certificate of the approved postsecondary educational institution presented by the time the payment is due under the rules of the approved postsecondary educational institution applicable to students generally, after the tuition and necessary fees have become fixed.

Sec. 19. The auditor of state shall create a separate and segregated higher education award fund distinct from the freedom of choice grant fund. Money may be exchanged or transferred between these funds as provided by section 21 of this chapter. All money disbursed from the higher education award fund shall be in accordance with this chapter. Money remaining in the higher education award fund at the end of any fiscal year does not revert to the state general fund but remains available to be used for making higher education awards under this chapter.

Sec. 20. If at the end of a fiscal year part of the money appropriated for that year for the purposes of this chapter remains unspent, it may be spent for those purposes during the next fiscal year.

Sec. 21. After the commitments for the higher education award fund have been fully met for any academic year under this chapter, the commission may order the auditor of state to transfer to the freedom of choice grant fund any money remaining in the higher education award fund. The auditor of state shall make the transfer ordered by the commission with the approval of the budget director and the governor.

Sec. 1. A student who enters into a contract for a loan to finance a college education or who borrows money to defray the expense of attending any postsecondary educational institution:

- (1) has full legal capacity to act in the student's own behalf in this transaction; and**
- (2) is subject to any obligation that arises from the contract.**

Chapter 4. Guaranteed Student Loan Program

Sec. 1. The commission may approve, as eligible institutions, any postsecondary educational institution that meets the standards established by the commission. However, an eligible institution does not include a postsecondary educational institution offering exclusively correspondence or home study courses.

Sec. 2. The commission may establish reasonable eligibility criteria for the initial and continuing participation of approved lenders in the student loan program.

Sec. 3. The commission may guarantee loans made by approved lenders upon conditions prescribed by the commission to residents who attend or plan to attend eligible institutions in Indiana or elsewhere, to assist the residents in meeting education expenses. The commission shall guarantee at least one hundred percent (100%) of the principal and interest on the loans. However, the rate of interest on guaranteed loans may not exceed the annual rate of simple interest prescribed for state student loan programs under federal law.

Sec. 4. The commission may guarantee loans to a student, or to either one (1) or both parents of a student, who attends or plans to attend an eligible institution, who is at least a half-time student, and who is accepted by the eligible institution.

Sec. 5. The commission may enter into contracts and guaranty agreements with approved lenders, state governmental agencies, other corporations, and federal governmental agencies, including agreements for federal insurance of losses resulting from death, default, bankruptcy, or total and permanent disability of borrowers.

Sec. 6. The commission may require that any loan guaranteed under this chapter be disbursed and repaid in the manner and time

**C
o
p
y**

that the commission prescribes.

Sec. 7. The commission may remove an eligible institution's qualified status upon finding, after reasonable notice and hearing, that the eligible institution fails to meet the standards established by the commission. The commission may direct the Indiana commission on proprietary education to review a school under its jurisdiction, or a comparable school outside Indiana that is an eligible institution under this chapter. The commission may use the results of the review to determine whether to remove an eligible institution's qualified status.

Sec. 8. The commission may collect an insurance premium of not more than one percent (1%) per annum of the principal amount of the loan. The premium must be calculated in accordance with federal regulations.

Sec. 9. The commission may take, hold, and administer, on behalf of the loan program and for purposes of this chapter, property, money, and the interest and income derived from them either absolutely or in trust. The commission may accept gifts, grants, bequests, devises, and loans for the purposes of this chapter. An obligation of the loan program for losses on student loans resulting from death, default, bankruptcy, or total or permanent disability of borrowers is not a debt of the state, but is payable solely from the fund.

Sec. 10. (a) Whenever the commission or its designee has reason to believe that a lender or an eligible institution fails to meet the eligibility criteria for approved lenders, the commission or its designee shall call the matter to the attention of the lender or eligible institution. The lender or eligible institution is entitled to a reasonable opportunity to respond to the allegation and, if the alleged violation occurred, to show that it is corrected or to submit an acceptable plan detailing measures that will be taken to correct the violation and prevent its recurrence.

(b) Upon finding, after reasonable notice and hearing, that a lender or eligible institution fails to meet the eligibility criteria for approved lenders, the commission may:

- (1) limit the number or total amount of loans which the lender or eligible institution may make under this chapter;
- (2) limit the percentage of an eligible institution's total receipts for tuition and fees which may be derived from loans under this chapter for a stated period;
- (3) require an eligible institution to obtain a bond, in an appropriate amount, to provide assurance that it will be able

**C
o
p
y**

to meet its financial obligations to students enrolled in eligible institutions who received loans under this chapter; and

(4) impose other conditions or requirements on lenders or eligible institutions, or both, that:

- (i) are reasonable and appropriate as a direct means of correcting a violation;
- (ii) have a high probability for successfully correcting the violation; and
- (iii) will promote the purposes of this chapter.

Sec. 11. Funds received under the loan program shall be deposited with the treasurer of state in a separate account known as the "student loan program fund". The money remaining in the student loan program fund at the end of a state fiscal year does not revert to the state general fund. After consultation with the program director of the loan program, the treasurer of state shall invest the funds. The income earned on the invested amount is part of the fund.

Sec. 12. The property, income, obligations, and activities of the program are exempt from all state and local taxation.

Sec. 13. Sections 14 through 16 of this chapter do not preclude any forbearance for the benefit of the borrower agreed upon by the parties to the guaranteed loan and the commission.

Sec. 14. Upon default by a borrower on a loan guaranteed under this chapter, and before the commencement of a suit or other enforcement proceedings upon security for the loan, the holder of the guaranteed loan obligation shall promptly notify the commission and the commission shall pay the holder of that loan as soon as the amount is determined. The commission shall determine the amount of loss in accordance with its rules; however, the amount of loss may not exceed the unpaid balance of the principal amount and the unpaid accrued interest.

Sec. 15. Upon payment by the commission of the guaranteed part of the loss upon a default by a borrower, the commission shall be subrogated to the rights of the holder of the obligation upon the insured loan and is entitled to an assignment of the note or other evidence of the guaranteed loan by the holder.

Sec. 16. A holder of a guaranteed loan shall exercise reasonable care and diligence in the making and collection of loans under this chapter. If the commission finds that reasonable care and diligence are not being exercised by a holder of a guaranteed loan, the commission may:

- (1) withdraw its guarantee on an individual borrower basis,

C
O
P
Y

allowing the approved lender to continue participation in the program, after reasonable notice to the lender; or

(2) disqualify the approved lender from the guarantee of further loans upon finding, after reasonable notice and hearing, that the lender has substantially failed to exercise reasonable care and diligence in the making and collection of loans under this chapter.

These disqualifications shall continue until the commission is satisfied that the lender will exercise reasonable care and diligence in the future.

Sec. 17. The loan program established by this chapter may not be dissolved until all guaranteed loans have been repaid by the borrower or, if in default, by the commission. Upon dissolution of the loan program, all the property and money of the program not owed to the federal government vests in the state general fund.

Sec. 18. The attorney general shall act as legal counsel to the commission. When the collection of loans on which the commission has met its guarantee obligation requires legal action outside the state of Indiana, the commission, upon the recommendation of the attorney general, may employ private, out of state counsel and expend its own funds to pay for this service.

Chapter 5. Secondary Market for Guaranteed Student Loans

Sec. 1. The governor may request, on behalf of the state, the establishment of a private nonprofit corporation, with a bipartisan board of directors, to serve as a secondary market for education loans. Notice of this hearing must be given at least fourteen (14) days before the hearing in the manner set out in IC 5-14-1.5-5(b).

 - (B) the lending institution agrees to use education loans or government securities as collateral for the loan; and
 - (C) the corporation has, in response to its written request, received written authorization from the governor to exercise the power described in this subdivision;
- (5) establish after consultation with the associations representing the private lenders of Indiana and, at the direction of the governor, a direct lending program under which the corporation may make education loans:

- (8) do all other things that are necessary or incidental to performing the functions listed in subdivisions (1) through (7).

Sec. 4. The corporation shall submit an annual report to the governor, which must include detailed information on the structure, operation, and financial status of the corporation. Sec. 7. The board of directors of the corporation may meet in executive session to discuss negotiating strategies with respect to financing arrangements or proposals, in addition to those items listed in IC 5-14-1.5-6.1.

Sec. 8. Any or all members of the board of directors may participate in a meeting of the board by means of a conference telephone or similar communications equipment by which a member can communicate with each of the other board members if at least three (3) board members are present at the meeting. Participation by these means does not violate IC 5-14-1.5.

Sec. 9. The corporation and its transferees and pledgees, so long as they are eligible lenders under a federal program, are entitled to the benefits of any guaranty given by the commission under IC 21-16-4 or any successor to the commission with respect to education loans owned or held by the corporation, its transferees, or its pledgees, as long as the corporation, its transferees, or its pledgees are eligible lenders or holders of education loans under the rules adopted under IC 4-22-2 by the commission or a successor to the commission.

Sec. 12. The principal of and the interest on bonds and notes issued by the corporation under this chapter are exempt from taxation of every kind by the state and by the municipalities and other political subdivisions of the state, except taxes imposed under IC 6-4.1.

Sec. 14. The designation by the governor under section 1 of this chapter remains in effect until the general assembly provides by law for termination of the designation.

Sec. 15. Except for an act of fraud or intentional misconduct, an officer or director of the corporation is not individually liable for an act or omission regarding the exercise or performance of that person's duty to the corporation.

Sec. 16. Notwithstanding IC 26-1-9.1-310(a), a security interest in education loans is perfected by:

(c) The surety bond must be conditioned to provide indemnification to any student or enrollee who suffers a loss or damage as a result of:

- (1) the failure or neglect of the postsecondary proprietary educational institution to faithfully perform all agreements, express or otherwise, with the student, enrollee, one (1) or both of the parents of the student or enrollee, or a guardian of the student or enrollee as represented by the application for the institution's accreditation and the materials submitted in support of that application;**

**C
o
p
y**

(2) the failure or neglect of the postsecondary proprietary educational institution to maintain and operate a course or courses of instruction or study in compliance with the standards of this chapter; or

(3) an agent's misrepresentation in procuring the student's enrollment.

(d) A surety on a bond may be released after the surety has made a written notice of the release directed to the commission at least thirty (30) days before the release. However, a surety may not be released from the bond unless all sureties on the bond are released.

(e) A surety bond covers the period of the accreditation.

(f) An accreditation shall be suspended if a postsecondary proprietary educational institution is no longer covered by a surety bond or if the postsecondary proprietary educational institution fails to comply with section 6 of this chapter. The commission shall notify the postsecondary proprietary educational institution in writing at least ten (10) days before the release of the surety or sureties that the accreditation is suspended until another surety bond is filed in the manner and amount required under this chapter.

Sec. 6. (a) Subject to subsections (b), (d), and (e), the commission shall determine the penal sum of each surety bond based upon the following guidelines:

(1) A postsecondary proprietary educational institution that has no annual gross tuition charges assessed for the previous year shall secure a surety bond in the amount of twenty-five thousand dollars (\$25,000).

(2) If at any time the postsecondary proprietary educational institution's projected annual gross tuition charges are more than two hundred fifty thousand dollars (\$250,000), the institution shall secure a surety bond in the amount of fifty thousand dollars (\$50,000).

(b) After June 30, 2006, and except as provided in:

(1) section 9 of this chapter; and

(2) subsection (e);

and upon the fund achieving at least an initial one million dollar (\$1,000,000) balance, a postsecondary proprietary educational institution that contributes to the fund when the initial quarterly contribution is required under this chapter after the fund's establishment is not required to make contributions to the fund or submit a surety bond.

**C
o
p
y**

(c) The commission shall determine the number of quarterly contributions required for the fund to initially accumulate one million dollars (\$1,000,000).

(d) Except as provided in section 9 of this chapter and subsection (e), a postsecondary proprietary educational institution that begins making contributions to the fund after the initial quarterly contribution as required under this chapter is required to make contributions to the fund for the same number of quarters as determined by the commission under subsection (c).

(e) If, after a fund acquires one million dollars (\$1,000,000) the balance in the fund becomes less than five hundred thousand dollars (\$500,000), all postsecondary proprietary educational institutions not required to make contributions to the fund as described in subsection (b) or (d) shall make contributions to the fund for the number of quarters necessary for the fund to accumulate one million dollars (\$1,000,000).

Sec. 7. The commission shall require each postsecondary proprietary educational institution to include in each curriculum catalog and promotional brochure the following:

(1) A statement indicating that the postsecondary proprietary educational institution is regulated by the commission under this chapter.

(2) The commission's mailing address and telephone number.

Sec. 8. (a) The career college student assurance fund is established to provide indemnification to a student or an enrollee of a postsecondary proprietary educational institution who suffers loss or damage as a result of an occurrence described in section 5(c) of this chapter if the occurrence transpired after June 30, 1992, and as provided in section 25 of this chapter.

(b) The commission shall administer the fund.

(c) The expenses of administering the fund shall be paid from money in the fund.

(d) The treasurer of state shall invest the money in the fund not currently needed to meet the obligations of the fund in the same manner as other public funds may be invested.

(e) Money in the fund at the end of a state fiscal year does not revert to the state general fund.

(f) Upon the fund acquiring fifty thousand dollars (\$50,000), the balance in the fund must not become less than fifty thousand dollars (\$50,000). If:

(1) a claim against the fund is filed that would, if paid in full, require the balance of the fund to become less than fifty

**C
o
p
y**

thousand dollars (\$50,000); and

(2) the commission determines that the student is eligible for a reimbursement under the fund;

the commission shall prorate the amount of the reimbursement to ensure that the balance of the fund does not become less than fifty thousand dollars (\$50,000), and the student is entitled to receive that balance of the student's claim from the fund as money becomes available in the fund from contributions to the fund required under this chapter.

(g) The commission shall ensure that all outstanding claim amounts described in subsection (f) are paid as money in the fund becomes available in the chronological order of the outstanding claims.

(h) A claim against the fund may not be construed to be a debt of the state.

Sec. 9. (a) Subject to section 6 of this chapter, each postsecondary proprietary educational institution shall make quarterly contributions to the fund. The quarters begin January 1, April 1, July 1, and October 1.

(b) For each quarter, each postsecondary proprietary educational institution shall make a contribution equal to the STEP THREE amount derived under the following formula:

STEP ONE: Determine the total amount of tuition and fees earned during the quarter.

STEP TWO: Multiply the STEP ONE amount by one-tenth of one percent (0.1%).

STEP THREE: Add the STEP TWO amount and sixty dollars (\$60).

(c) Notwithstanding section 6 of this chapter, for a postsecondary proprietary educational institution beginning operation after September 30, 2004, the commission, in addition to requiring contributions to the fund, shall require the postsecondary proprietary educational institution to submit a surety bond in an amount determined by the commission for a period that represents the number of quarters required for the fund to initially accumulate one million dollars (\$1,000,000) as determined under section 6(d) of this chapter.

Sec. 10. (a) Upon receipt of an application, the commission shall make an investigation to determine the accuracy of the statements in the application to determine if the postsecondary proprietary educational institution meets the minimum standards for accreditation.

C
o
p
y

(b) During the investigation under subsection (a), the commission may grant a temporary status of accreditation. The temporary status of accreditation is sufficient to meet the requirements of this chapter until a determination on accreditation is made.

Sec. 11. The cost of performing a team onsite investigation shall be paid by the applicant postsecondary proprietary educational institution. However, the total cost of an inspection, including room, board, and mileage that does not require travel outside Indiana, may not exceed one thousand dollars (\$1,000) for any one (1) postsecondary proprietary educational institution.

Sec. 12. (a) A postsecondary proprietary educational institution shall maintain at least the following records for each student:

- (1) The program in which the student enrolls.
- (2) The length of the program.
- (3) The date of the student's initial enrollment in the program.
- (4) The student's period of attendance.
- (5) The amount of the student's tuition and fees.
- (6) A copy of the enrollment agreement.

(b) Upon the request of the commission, a postsecondary proprietary educational institution shall submit the records described in subsection (a) to the commission.

(c) If the postsecondary proprietary educational institution ceases operation, the postsecondary proprietary educational institution shall submit the records described in subsection (a) to the commission not later than thirty (30) days after the institution ceases to operate.

Sec. 13. Full accreditation may not be issued unless and until the commission finds that the postsecondary proprietary educational institution meets minimum standards that are appropriate to that type or class of postsecondary proprietary educational institution, including the following minimum standards:

- (1) The postsecondary proprietary educational institution has a sound financial structure with sufficient resources for continued support.
- (2) The postsecondary proprietary educational institution has satisfactory training or educational facilities with sufficient tools, supplies, or equipment and the necessary number of work stations or classrooms to adequately train, instruct, or educate the number of students enrolled or proposed to be enrolled.
- (3) The postsecondary proprietary educational institution has

**C
o

an adequate number of qualified instructors or teachers, sufficiently trained by experience or education, to give the instruction, education, or training contemplated.

(4) The advertising and representations made on behalf of the postsecondary proprietary educational institution to prospective students are truthful and free from misrepresentation or fraud.

(5) The charge made for the training, instruction, or education is clearly stated and based upon the services rendered.

(6) The premises and conditions under which the students work and study are sanitary, healthful, and safe according to modern standards.

(7) The postsecondary proprietary educational institution has and follows a refund policy approved by the commission.

(8) The owner or chief administrator of the postsecondary proprietary educational institution has not been convicted of a felony.

(9) The owner or chief administrator of the postsecondary proprietary educational institution has not been the owner or chief administrator of a postsecondary proprietary institution that has had its accreditation revoked or has been closed involuntarily in the five (5) year period preceding the application for accreditation. However, if the owner or chief administrator of the postsecondary proprietary educational institution has been the owner or chief administrator of a postsecondary proprietary educational institution that has had its accreditation revoked or has been closed involuntarily more than five (5) years before the application for accreditation, the commission may issue full accreditation at the commission's discretion.

Sec. 14. (a) After investigation and a finding that the information in the application is true and the postsecondary proprietary educational institution meets the minimum standards, the commission shall issue an accreditation to the postsecondary proprietary educational institution upon payment of an additional fee of at least twenty-five dollars (\$25).

(b) The commission may waive inspection of a postsecondary proprietary educational institution that has been accredited by an accrediting unit whose standards are approved by the commission as meeting or exceeding the requirements of this chapter.

(c) A valid license, approval to operate, or other form of

C

accreditation issued to a postsecondary proprietary educational institution by another state may be accepted, instead of inspection, if:

- (1) the requirements of that state meet or exceed the requirements of this chapter; and
- (2) the other state will, in turn, extend reciprocity to postsecondary proprietary educational institutions accredited by the commission.

(d) An accreditation issued under this section expires one (1) year following the accreditation's issuance.

(e) An accredited postsecondary proprietary educational institution may renew the institution's accreditation annually upon:

- (1) the payment of a fee of at least twenty-five dollars (\$25); and
- (2) continued compliance with this chapter.

Sec. 15. Accreditation may be revoked by the commission:

- (1) for cause upon notice and an opportunity for a commission hearing; and
- (2) for the accredited postsecondary proprietary educational institution failing to make the appropriate quarterly contributions to the fund not later than forty-five (45) days after the end of a quarter.

Sec. 16. (a) A postsecondary proprietary educational institution, after notification that the institution's accreditation has been refused, revoked, or suspended, may apply for a hearing before the commission concerning the institution's qualifications. The application for a hearing must be filed in writing with the commission not more than thirty (30) days after receipt of notice of the denial, revocation, or suspension.

(b) The commission shall give a hearing promptly and with not less than ten (10) days notice of the date, time, and place. The postsecondary proprietary educational institution is entitled to be represented by counsel and to offer oral and documentary evidence relevant to the issue.

(c) Not more than fifteen (15) days after a hearing, the commission shall make written findings of fact, a written decision, and a written order based solely on the evidence submitted at the hearing, either granting or denying accreditation to the postsecondary proprietary educational institution.

Sec. 17. A postsecondary proprietary educational institution's accreditation shall be suspended at any time if the accredited

postsecondary proprietary educational institution denies enrollment to a student or makes a distinction or classification of students on the basis of race, color, or creed.

Sec. 18. A person may not do the following:

- (1) Make, or cause to be made, a statement or representation, oral, written, or visual, in connection with the offering or publicizing of a course, if the person knows or should reasonably know the statement or representation is false, deceptive, substantially inaccurate, or misleading.
- (2) Promise or guarantee employment to a student or prospective student using information, training, or skill purported to be provided or otherwise enhanced by a course, unless the person offers the student or prospective student a bona fide contract of employment agreeing to employ the student or prospective student for a period of at least ninety (90) days in a business or other enterprise regularly conducted by the person in which that information, training, or skill is a normal condition of employment.
- (3) Do an act that constitutes part of the conduct of administration of a course if the person knows, or should reasonably know, that the course is being carried on by the use of fraud, deception, or other misrepresentation.

Sec. 19. (a) A person representing a postsecondary proprietary educational institution doing business in Indiana by offering courses may not sell a course or solicit students for the institution unless the person first secures an agent's permit from the commission. If the agent represents more than one (1) postsecondary proprietary educational institution, a separate agent's permit must be obtained for each institution that the agent represents.

(b) Upon approval of an agent's permit, the commission shall issue a pocket card to the person that includes:

- (1) the person's name and address;
- (2) the name and address of the postsecondary proprietary educational institution that the person represents; and
- (3) a statement certifying that the person whose name appears on the card is an authorized agent of the postsecondary proprietary educational institution.

(c) The application must be accompanied by a fee of at least ten dollars (\$10).

(d) An agent's permit is valid for one (1) year from the date of its issue. An application for renewal must be accompanied by a fee

**C
o
p

of at least ten dollars (\$10).

(e) A postsecondary proprietary educational institution is liable for the actions of the institution's agents.

Sec. 20. (a) An application for an agent's permit must be granted or denied by the commission not more than fifteen (15) working days after the receipt of the application. If the commission has not completed a determination with respect to the issuance of a permit under this section within the fifteen (15) working day period, the commission shall issue a temporary permit to the applicant. The temporary permit is sufficient to meet the requirements of this chapter until a determination is made on the application.

(b) A permit issued under this chapter may upon ten (10) days notice and after a hearing be revoked by the commission:

- (1) if the holder of the permit solicits or enrolls students through fraud, deception, or misrepresentation; or
- (2) upon a finding that the permit holder is not of good moral character.

Sec. 21. The fact that a bond is in force or that the fund exists does not limit or impair a right of recovery and the amount of damages or other relief to which a plaintiff may be entitled.

Sec. 22. An obligation, negotiable or nonnegotiable, providing for payment for a course or courses of instruction is void if the postsecondary proprietary educational institution is not accredited to operate in Indiana.

Sec. 23. The issuance of an agent's permit or any accreditation may not be considered to constitute approval of a course, a person, or an institution. A representation to the contrary is a misrepresentation.

Sec. 24. (a) This section applies to claims against the surety bond of a postsecondary proprietary educational institution.

(b) A student who believes that the student is suffering loss or damage resulting from any of the occurrences described in section 5(c) of this chapter may request the commission to file a claim against the surety of the postsecondary proprietary educational institution or agent.

(c) The request must state the grounds for the claim and must include material substantiating the claim.

(d) The commission shall investigate all claims submitted to the commission and attempt to resolve the claims informally. If the commission determines that a claim is valid, and an informal resolution cannot be made, the commission shall submit a formal

**C

P

claim to the surety.

(e) A claim against the surety bond may not be filed by the commission unless the student's request under subsection (b) is commenced not more than five (5) years after the date on which the loss or damage occurred.

(f) If the amount of the surety bond is insufficient to cover all or part of the claim, a claim or the balance of the claim against the surety bond in the amount that is insufficient must be construed to be a claim against the balance of the fund under section 25 of this chapter.

Sec. 25. (a) This section applies:

(1) to claims against the balance of the fund; and

(2) in cases where a student or an enrollee of a postsecondary proprietary educational institution is protected by both a surety bond and the balance of the fund, only after a claim against the surety bond exceeds the amount of the surety bond.

(b) A student or an enrollee of a postsecondary proprietary educational institution who believes that the student or enrollee has suffered loss or damage resulting from any of the occurrences described in section 5(c) of this chapter may request the commission to file a claim with the commission against the balance of the fund. If there is a surety bond in an amount sufficient to cover a claim or part of a claim under this section, a claim against the balance of the fund must be construed to be a claim against the surety bond first to the extent that the amount of the surety bond exists and the balance of the claim may be filed against the balance of the fund.

(c) A claim under this section is limited to a refund of the claimant's applicable tuition and fees.

(d) All claims must be filed not later than five (5) years after the occurrence resulting in the loss or damage to the claimant occurs.

(e) Upon the filing of a claim under this section, the commission shall review the records submitted by the appropriate postsecondary proprietary educational institution described under section 12 of this chapter and shall investigate the claim and attempt to resolve the claim as described in section 24(d) of this chapter.

(f) Upon a determination by the commission that a claimant shall be reimbursed under the fund, the commission shall prioritize the reimbursements under the following guidelines:

(1) A student's educational loan balances.

**C
o
p
y**

(2) Federal grant repayment obligations of the student.

(3) Other expenses paid directly by the student.

Sec. 26. The prosecuting attorney of the county in which the offense occurred shall, at the request of the commission or on the prosecuting attorney's own motion, bring any appropriate action, including a mandatory and prohibitive injunction.

Sec. 27. An action of the commission concerning the issuance, denial, or revocation of a permit or accreditation under this chapter is subject to review under IC 4-21.5.

Sec. 28. (a) Except as provided in subsection (b), a person who knowingly, intentionally, or recklessly violates this chapter commits a Class B misdemeanor.

(b) A person who, with intent to defraud, represents the person to be an agent of a postsecondary proprietary educational institution commits a Class C felony.

Sec. 29. All fees collected by the commission shall be deposited in the state general fund.

Chapter 4. Private Technical and Trade School Registration

Sec. 1. It is the purpose of this chapter to promote and encourage pupil personnel and guidance services by centralizing information about private technical, vocational, correspondence, and trade schools in the department of education.

Sec. 2. Not later than thirty (30) days before conducting business in Indiana and before February 1 of each subsequent year, a private technical, vocational, correspondence, and trade school conducting business in Indiana shall register with the department of education.

Sec. 3. A private technical, vocational, correspondence, and trade school shall provide the following information to the department of education when the private technical, vocational, correspondence, and trade school registers under this chapter:

Sec. 4. A private technical, vocational, correspondence, and trade school that is registered under this chapter is entitled to use its registration under this chapter for publicity purposes in any manner.

Sec. 5. The department of education shall:

- (1) maintain a file of each private technical, vocational, correspondence, and trade school registered with the department of education; and
- (2) preserve in the file any grievances, complaints, or other comments about the private technical, vocational, correspondence, and trade school that has been received.

Sec. 6. The files must be accessible to the public upon request.

Chapter 5. Powers to Appoint Police Officers; Retirement; Traffic Regulations; Assistance From Law Enforcement Officers

(4) The duty to assist and cooperate with other law enforcement agencies and law enforcement officers.

(b) The governing board of an educational institution employing a police officer may expressly forbid the officer from exercising any powers otherwise granted to the police officer by law.

Sec. 5. (a) Except as provided in subsection (b), a police officer appointed under this chapter may exercise the powers granted under this chapter only upon any real property owned or occupied by the educational institution employing the police officer, including the streets passing through and adjacent to the educational institution.

(b) Additional jurisdiction may be established by agreement with the chief of police of the municipality or sheriff of the county or the appropriate law enforcement agency where the educational institution's property is located, depending upon the jurisdiction involved.

Sec. 6. Whenever a police officer retires after at least twenty (20) years of service, the police officer may retain the officer's service weapon. The officer is entitled to receive, in recognition of the service to the educational institution and the public, a badge that indicates that the officer is retired. Upon retirement, the state police department shall issue to the police officer an identification card that:

- (1) states the police officer's name and rank at retirement;
- (2) states the officer's retired status; and
- (3) notes the officer's authority to retain the service weapon.

A retired police officer described in this section is entitled to a lifetime license to carry a handgun under IC 35-47-2-3(e).

The money in this fund shall be used by the board for the payment of refunds of interest on delinquent contributions and penalties so collected, for the payment of costs of administration which are found not to have been properly and validly chargeable against federal grants or other funds received for or in the employment and training services administration fund, on and after July 1, 1945. Nothing in this section shall be construed to limit, alter, or amend the liability of the state assumed and created by IC 22-4-28, or to change the procedure prescribed in IC 22-4-28 for the satisfaction of such liability, except to the extent that such liability may be satisfied by and out of the funds of such special employment and training services fund created by this section.

department's proportionate amount of such cost of repair and maintenance thereof as was expended from the special employment and training services fund has been returned to such fund.

(d) Whenever the balance in the special employment and training services fund is deemed excessive by the board, the board shall order payment into the unemployment insurance benefit fund of the amount of the special employment and training services fund deemed to be excessive.

(e) Subject to the approval of the board, the commissioner may use not more than five million dollars (\$5,000,000) during a program year for training provided by ~~the state educational institution established under IC 20-12-61~~ **Ivy Tech Community College** to participants in joint labor and management apprenticeship programs approved by the United States Department of Labor's Bureau of Apprenticeship Training. (ii) to an entity affiliated with the issuer;

(iii) if the issuer is a corporation, to a person who is the owner of shares of the corporation or of an affiliated corporation representing and possessing ten percent (10%) or more of the total combined voting power of all classes of stock (of the corporation or affiliated corporation) issued and outstanding and who is entitled to vote; or

(iv) if the issuer is a limited liability company, to a person who is the owner of an interest in the limited liability company representing and possessing at least ten percent (10%) of the total combined voting power of all classes of such interests (of the limited liability company or affiliated limited liability company) issued and outstanding.

securities from the issuer in an offering pursuant to this subsection, including purchasers outside Indiana; or

(ii) there are no more than twenty (20) purchasers in Indiana.

In either case, there shall be excluded in determining the number of purchasers a purchaser whom the issuer reasonably believes to be an accredited investor or who purchases the securities after they are registered under this chapter.

(B) The issuer does not offer or sell the securities by means of a form of general advertisement or general solicitation.

(C) The issuer reasonably believes that each purchaser of the securities is acquiring the securities for the purchaser's own investment and is aware of any restrictions imposed on transferability and resale of the securities. The basis for reasonable belief may include:

(i) obtaining a written representation signed by the purchaser that the purchaser is acquiring the securities for the purchaser's own investment and is aware of any restrictions imposed on the transferability and resale of the securities; and

(ii) placement of a legend on the certificate or other document that evidences the securities stating that the securities have not been registered under section 3 of this chapter, and setting forth or referring to the restrictions on transferability and sale of the securities.

(D) The issuer:

(i) files with the commissioner and provides to each purchaser in this state an offering statement that sets forth all material facts with respect to the securities; and

(ii) reasonably believes immediately before making a sale that each purchaser who is not an accredited investor either alone or with a purchaser representative has knowledge and experience in financial and business matters to the extent that the purchaser is capable of evaluating the merits and risks of the prospective investment.

(E) If the aggregate offering price of the securities in an offering pursuant to this subdivision (including securities sold outside of Indiana) does not exceed five hundred thousand dollars (\$500,000), the issuer is not required to comply with clause (D) if the issuer files with the commissioner and provides to each purchaser in Indiana the following information and materials:

securities that have been provided by the issuer to any purchaser; and

(ii) unless clearly presented in all written materials, a written notification setting forth the name, address, and form of organization of the issuer and any affiliate, the nature of the principal businesses of the issuer and any affiliate, and the information required in section 5(b)(1)(B), 5(b)(1)(C), 5(b)(1)(D), 5(b)(1)(E), 5(b)(1)(H), and 5(b)(1)(I) of this chapter.

(F) The commissioner does not disallow the exemption provided by this subdivision within ten (10) full business days after receipt of the filing required by clause (D) or (E). The issuer may make offers (but not sales) before and during the ten (10) day period, if:

- (i) each prospective purchaser is advised in writing that the offer is preliminary and subject to material change; and
- (ii) no enforceable offer to purchase the securities may be made by a prospective purchaser, and no consideration in any form may be accepted or received (directly or indirectly) from a prospective purchaser, before the expiration of the ten (10) day period and the vacation of an order disallowing the exemption.

(G) The issuer need not comply with clause (D), (E), or (F) if:

- (i) each purchaser has access to all the material facts with respect to the securities by reason of the purchaser's active involvement in the organization or management of the issuer or the purchaser's family relationship with a person actively involved in the organization or management of the issuer;
- (ii) there are not more than fifteen (15) purchasers in Indiana and each Indiana purchaser is an accredited investor or is a purchaser described in item (i); or
- (iii) the aggregate offering price of the securities, including securities sold outside Indiana, does not exceed five hundred thousand dollars (\$500,000), the total number of purchasers, including purchasers outside of Indiana, does not exceed twenty-five (25) and each purchaser either receives all of the material facts with respect to the security or is an accredited investor or a purchaser described in item (i).

(H) If the issuer makes or is required to make a filing with the commissioner under clause (D) or (E), the issuer must also file with the commissioner at the time of the filing the consent to service of process required by section 16 of this chapter. The

C
O
P

issuer shall also file with the commissioner, at the times and in the forms as the commissioner may prescribe, notices of sales made in reliance upon this subdivision.

(I) The commissioner may by rule deny exemption provided in this subdivision to a particular class of issuers, or may make the exemption available to the issuers upon compliance with additional conditions and requirements, if appropriate in furtherance of the intent of this chapter.

(11) An offer or sale of securities to existing security holders of the issuer, including persons who at the time of the transaction are holders of convertible securities, nontransferable warrants, or transferable warrants exercisable within not more than ninety (90) days of their issuance if no commission or other remuneration (other than a standby commission) is paid or given for soliciting a security holder in this state.

(12) An offer (but not a sale) of a security for which registration statements or applications have been filed under this chapter and the Securities Act of 1933 (15 U.S.C. 77a-77aa), if no stop order or refusal order is in effect and no public proceeding or examination looking toward an order is pending under either law.

(13) The deposit of shares under a voting-trust agreement and the issue of voting-trust certificates for the deposit.

(14) The offer or sale of a commodity futures contract.

(15) The offer or sale of securities to or for the benefit of security holders incident to a vote by the security holders pursuant to the articles of incorporation or applicable instrument, on a statutorily approved merger or share exchange, reclassification of securities, exchange of securities under IC 28-1-7.5, or sale of assets of the issuer in consideration of the issuance of securities of the same or another issuer.

(16) A limited offering transactional exemption, which may be created by rule adopted by the commissioner. The exemption must further the objectives of compatibility with federal exemptions and uniformity among the states.

(c) The commissioner may consider and determine if a proposed sale, transaction, issue, or security is entitled to an exemption accorded by this section. The commissioner may decline to exercise the commissioner's authority as to a proposed sale, transaction, issue, or security. An interested party desiring the commissioner to exercise the commissioner's authority must submit to the commissioner a verified statement of all material facts relating to the proposed sale, transaction, issue, or security, which must be accompanied by a request for a ruling

as to the particular exemption claimed, together with a filing fee of one hundred dollars (\$100). After notice to the interested parties as the commissioner determines is proper and after a hearing, if any, the commissioner may enter an order finding the proposed sale, transaction, issue, or security entitled or not entitled to the exemption claimed. An order entered, unless an appeal is taken from it in the manner prescribed in section 20 of this chapter, is binding upon the commissioner and upon all interested parties, provided that the proposed sale, transaction, issue, or security when consummated or issued conforms in every relevant and material particular with the facts as set forth in the verified statement submitted.

(d) The commissioner may by order deny or revoke an exemption specified in subsection (a)(6), (a)(7), or (b) with respect to a specific security or transaction, if the commissioner finds that the securities to which the exemption applies would not qualify for registration under sections 4 and 5 of this chapter. No order may be entered without appropriate prior notice to all interested parties, opportunity for hearing, and written findings of fact and conclusions of law, except that the commissioner may by order summarily deny or revoke any of the specific exemptions pending final determination of a proceeding under this subsection. Upon the entry of a summary order, the commissioner shall promptly notify all interested parties that it has been entered, of the reasons for the order, and that within fifteen (15) days of the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice of and opportunity for hearing to all interested persons, may modify or vacate the order or extend it until final determination. No order under this subsection may operate retroactively. No person may be considered to have violated section 3 of this chapter by reason of an offer or sale effected after the entry of an order under this subsection if the person sustains the burden of proof that the person did not know, and in the exercise of reasonable care could not have known, of the order.

(e) If, with respect to an offering of securities, any notices or written statements are required to be filed with the commissioner under subsection (b)(10), the first filing made with respect to the offering must be accompanied by a filing fee of one hundred dollars (\$100).

(f) A condition, stipulation, or provision requiring a person acquiring a security to waive compliance with this chapter or a rule or order under this chapter is void.

SECTION 315. IC 23-13-5-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 4. Any ~~university, college, or other postsecondary educational institution of learning~~ which may be organized before, on, or after March 3, 1909, under or which may otherwise become subject to the provisions of this chapter shall be deemed to have a perpetual existence by operation of law. Any two (2) or more ~~universities, colleges, or postsecondary educational institutions of higher learning~~ incorporated under the provisions of this chapter may be merged into one (1) corporation by the action of the boards of trustees of the respective corporations.

SECTION 316. IC 23-13-5-8, AS AMENDED BY P.L.246-2005, SECTION 208, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 8. (a) Should for any cause any action of the board of directors or trustees of a corporation be invalid or ineffective in whole or in part as and for a cancellation or retirement of capital stock as provided in this chapter, then the entire act of cancellation or retirement as to all other stock shall be held null and void. If at any time after the transfer of any stock to the corporation or to the trustees or directors it becomes no longer possible for the corporation to operate the ~~university, college, or postsecondary educational institution of learning~~ as a ~~university, college, or postsecondary educational institution, of learning~~, and the fact is found to exist by the board of trustees or directors, the property and assets of the corporation vest in and belong absolutely to the local public school corporation within whose territorial limits the ~~college, university, or postsecondary educational institution of learning~~ is situated unless the local public school corporation elects to refuse to accept the property and assets in writing served upon the board of trustees or an officer thereof within one hundred twenty (120) days. If the local public school corporation elects to refuse to accept the property and assets, then the property and assets of the corporation vest in and belong absolutely to the county within whose territorial limits the ~~college, university, or postsecondary educational institution of learning~~ is situated unless the county, acting by its legislative body, elects to refuse to accept the property and assets in writing served upon the board of trustees or an officer within one hundred twenty (120) days. If the county refuses to accept the property and assets, the property and assets vest in and belong absolutely to the state general fund. If the ~~university, college, or postsecondary educational institution of learning~~ is situated in a school township, the election shall be made by the township executive with the approval of the township legislative body. If situated in a school city or town corporation, the

C

election shall be made by the school board of the municipality.

(b) The local school corporation receiving the property or assets is responsible for the payment of the lawful debts and liabilities of the corporation. For the purpose of raising funds to pay the debts and liabilities, the township executive, with the concurrence and sanction of the township legislative body, or the city or town school board, as the case may be, is authorized and empowered to issue and sell bonds of the school township, school city, or school town. The debt created by the bonds, together with all other indebtedness of the school corporation, may not exceed two percent (2%) of the adjusted value of the taxable property within the school corporation as determined under IC 36-1-15. If the building or property of the corporation vested in the school corporation is suitable for instructing students of the township in the arts of agriculture, domestic science, or physical or practical mental culture, and in which to hold school or civic entertainments or be used for township, town, or city purposes, then the township executive, with the concurrence and sanction of the township, city, or town legislative body, as the case may be, is authorized and empowered to issue and sell bonds of the civil township, city, or town, as the case may be, and apply the proceeds to the payment of the debts and liabilities of the corporation. The proceeds of the bonds, together with all other indebtedness of the civil township, city, or town, may not exceed two percent (2%) of the adjusted value of the taxable property within the civil township, city, or town, as determined under IC 36-1-15. If the county receives the property, it is authorized to issue its general obligation bonds to pay the debts and liabilities as general obligation bonds of counties are issued under the general law. Unless the school and civil townships and school and civil cities and towns can liquidate the debts and liabilities without violating Article 13, Section 1 of the Constitution of the State of Indiana and IC 36-1-15, they shall elect to refuse to accept the property. Unless the county can liquidate the debts and liabilities without violating the constitutional provision, it shall elect to refuse the property. If a civil township, city, or town uses its funds or the proceeds of the sale of its bonds to liquidate the debts and liabilities, it shall have an interest in the property in the proportion the funds expended by it bear to the funds expended by the school township, school city, or school town.

(c) Any bonds issued under this chapter shall be payable in not more than twenty (20) years after the date of their issuance. The municipal corporation issuing the bonds shall annually levy a tax on all of the taxable property within the municipal corporation in an amount sufficient to pay the interest on and the principal of such bonds as they

mature. The bonds may mature and be payable either semiannually or annually. Notice of sale of the bonds shall be published once each week for two (2) weeks in a newspaper published in the municipal corporation issuing the bonds, or in a newspaper published in the county seat of the county in which the municipal corporation is located. Additional notices may be published.

(d) If the corporation ceases to exist or winds up its affairs without its board of trustees or directors finding that it is no longer possible for the corporation to operate the university, college, or institution of learning as a ~~university, college, or~~ **postsecondary educational institution, of learning**, this shall have the same effect as such a finding.
